II. Reading Comprehension: (閱讀下面文章並根據文意選擇最正確的答案) 10%

How do you get around a big city? Do you ride a bike, a bus, or take a taxi? Or maybe you just walk. In many cities, a popular way to travel is by metro or subway. Let's look at some famous metro systems around the world.

You can find the world's oldest metro system in London, England. It started running in 1863! Moscow, Russia's metro, is the fastest in the world. It goes 120 km/hour! Every year 3.2 billion people ride the Moscow metro. More people ride it than any other metro in the world. Beijing hopes to have the longest metro when it's finished. The system will cover almost 482 km. And do you know what makes the Tokyo metro fun? The seats are heated!

What's special about the metro near you? Take some time and find out!

26. Which city's metro system was built first?

- (A) Paris (B) London (C) Moscow (D) Beijing

27. Which metro system has the most passengers?

- (A) Japan (B) Beijing (C) London (D) Moscow

28. Why would it be nice to ride the Tokyo metro in winter?

- (A) Because it's less crowded.
 (B) Because it's cheaper in winter.
 (C) Because the seats are warm.
 (D) Because the rains are decorated for Christmas.

29. Which one of the following is the closest to the meaning of the word "popular"?

- (A) welcome (B) efficient (C) beneficent (D) fanciful

30. Which of the following would be the best title for the passage?

- (A) Metro Systems in the World
 (B) A Special Subway
 (C) People and Metro systems
 (D) The Importance of Metro Systems
